

Planned PREDYCT fieldwork in CCAMLR Subareas 48.1 & 48.2, by fieldwork type

Krill biomass surveys

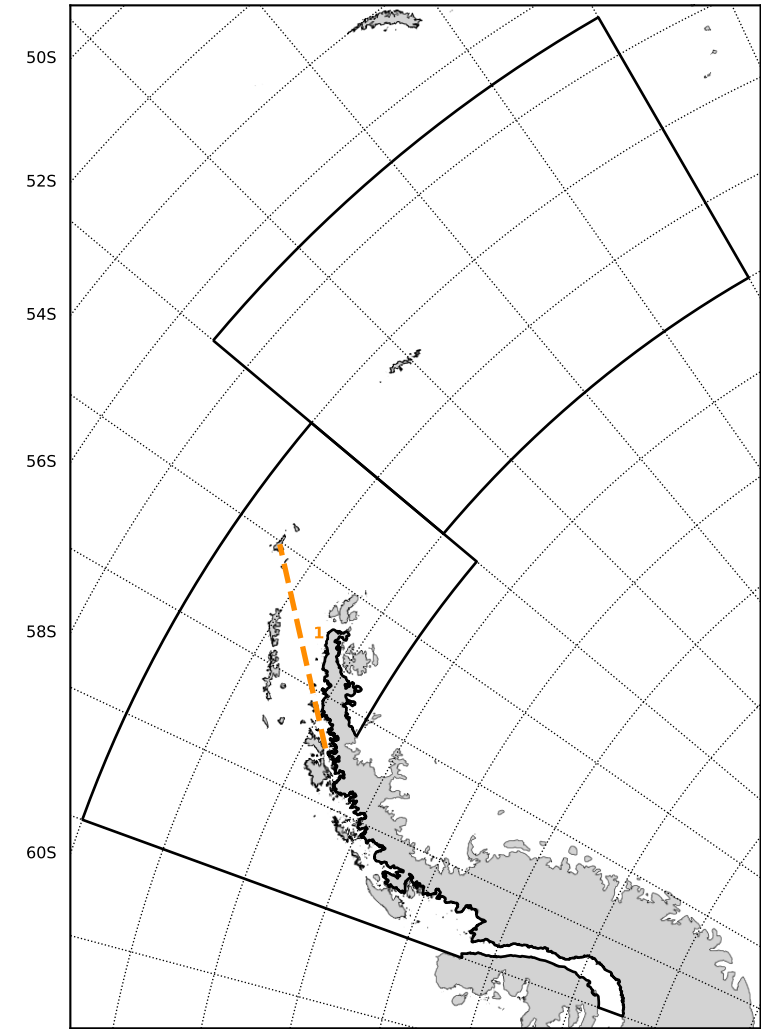

1. Krill biomass and ecosystem survey (RV Polarstern) (Shelf region from Gerlache Strait - Elephant Island, approx.)
2. Krill biomass surveys (Bransfield Strait - Elephant Island, approx.)
3. Krill biomass surveys (South Orkney Islands, approx.)
4. Glider-based krill biomass surveys (Bransfield Strait, approx.)

Moorings (krill flux)

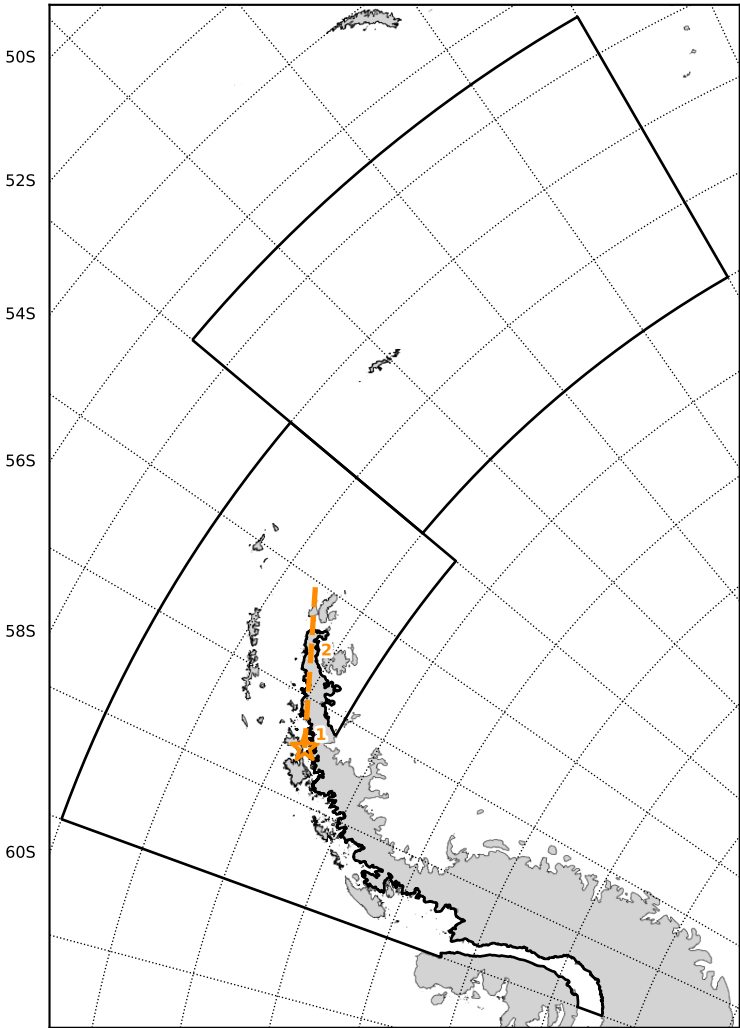

1. Mooring: Krill flux (Canyon NW Coronation Island)
2. Mooring: Krill flux (Southern Bransfield Strait)
3. Mooring: Krill flux (Southern Bransfield Strait)
4. Mooring: Krill flux (Southern Bransfield Strait)
5. Mooring: Krill flux + passive acoustics (Gerlache Strait)
6. Mooring: Krill flux + passive acoustics (Antarctic Sound)
7. Mooring: Krill flux + passive acoustics (Joinville Island)

Fisheries acoustics

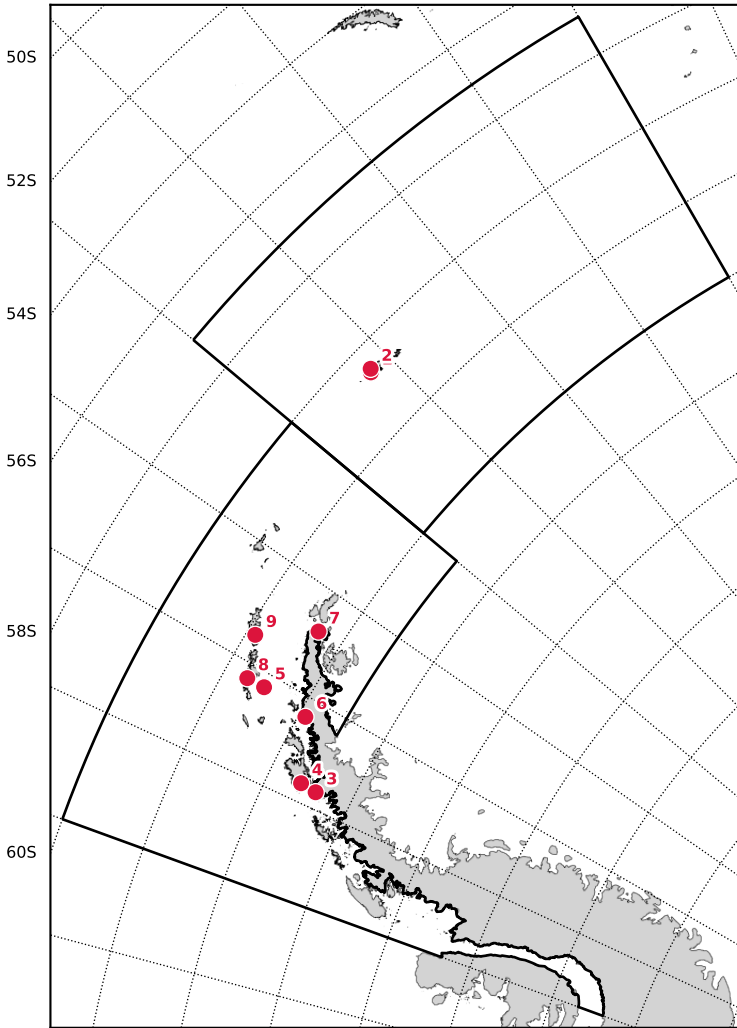

1. Fisheries Acoustics (predator dives, krill swarms) (Shelf region from Gerlache Strait - Elephant Island, approx.)

Cetacean & whale work

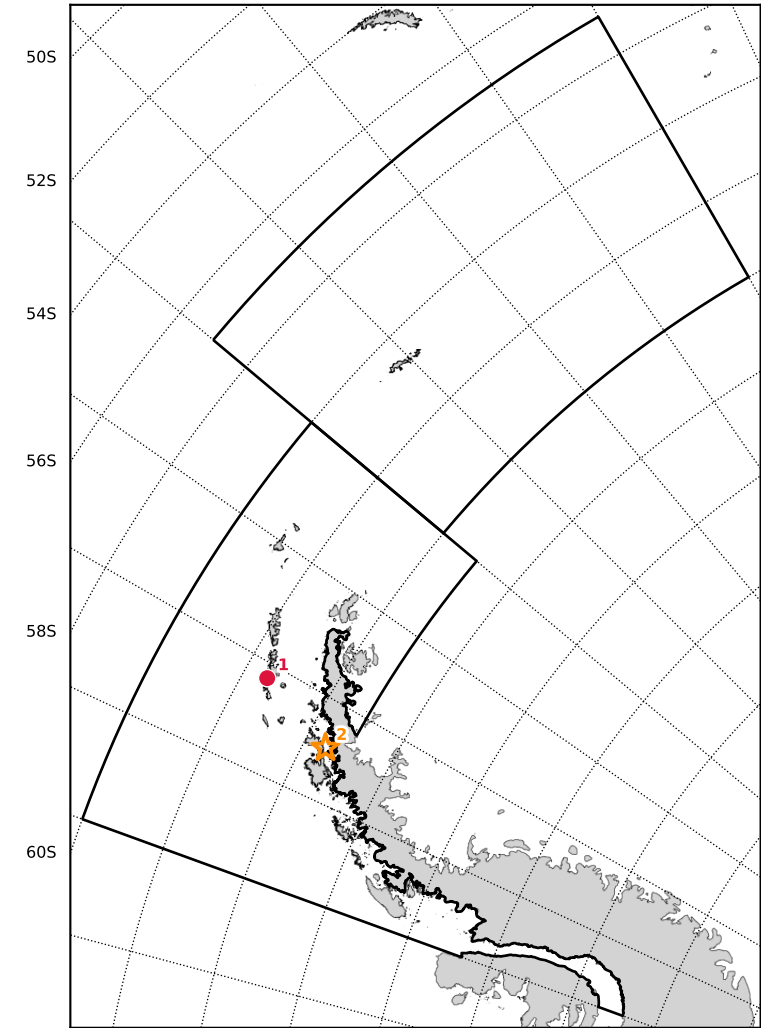

1. Cetacean Tagging (Gerlache Strait, approx.)
2. Cetaceans Surveys from tourist vessels (Gerlache Strait - Joinville Island, approx.)
3. Visual surveys and whale behaviour data (RV Maria S. Merian, FINTRACK voyage Subareas 48.1 and 48.2, no coordinates)

Penguin monitoring & tagging

1. Penguin monitoring (camera) (Monroe Island)
2. Penguin Tagging (Coronation Island)
3. Penguin Tagging (Peterman Island)
4. Penguin Tagging (Palmer Station)
5. Penguin Tagging (Deception Island)
6. Penguin Tagging (Primavera Base)
7. Penguin Tagging (Hope Bay)
8. Penguin Tagging (Cape Shirreff)
9. Penguin Tagging (3 sites) (King George Island)

Seal tagging

1. Fur Seal Tagging (Cape Shirreff)
2. Crabeater Seal tagging (Gerlache Strait, approx.)
